Description

Unstoppable performance for superior capture of 1D/2D barcodes, photos, documents and more

As a member of the Zebra Ultra-Rugged 3600 Series of scanners, the practically indestructible 1D/2D DS3608-HP corded and DS3678-HP cordless scanners are ready for the world's toughest environments — the warehouse and manufacturing floor.

In addition to capturing virtually any 1D or 2D barcode as far as 7 ft./2.1 m away, these scanners give you the flexibility to capture a wide range of business information to streamline many everyday business processes, including OCR, documents and photos.

No matter what types of data your workers need to capture, you get all the features you need for truly unstoppable performance, redefining scanner reliability and management simplicity. The result? The dependable, fast and accurate scanning you need to take the quality of your products and your customer service to the next level.

- **SUPERIOR PERFORMANCE**

Your workers can capture information as fast as they can pull the trigger — from virtually any electronic or printed barcode in any condition to photos that can provide undisputable proof of condition for incoming shipments, plus images of highly legible documents for electronic recordkeeping. Even if barcodes are damaged, dirty or poorly printed, no problem — this intelligent scanner can handle it all.

- **ULTRA-Rugged Design**

The warehouse and manufacturing plant floor is as tough as its gets. That's why we created a new product category — the ultra-rugged scanner. The corded and cordless models are the only scanners in this class that are dust-tight, sprayproof and waterproofed to IP67, with an IP65-sealed cradle for a complete rugged cordless solution.

- **Unrivaled Manageability**

With our complimentary industry-best tools, managing these scanners couldn't be easier. You can remotely configure and upgrade your scanners, format data properly for instant transmission into your business applications, monitor battery statistics for your cordless models and more.

UNSTOPPABLE PERFORMANCE FOR SUPERIOR CAPTURE

In addition to superior scanning performance, flexible information capture, an ultra-rugged design and unparalleled manageability, you get more features that make this scanner easier than ever for your workers to use, including a special mode that simultaneously captures all or specific barcodes on a label with many barcodes; an aiming pattern for first-time accurate capture of barcodes on pick lists; mix-and-match feedback modes so workers can see, hear or feel successful scans; an extreme temperature rating for freezer use and more.

- **BATTERY**

PowerPrecision+ 3100 mAh Li-Ion rechargeable battery
(For cordless models)

- **Sealing**

Scanner: IP65 and IP67
FLB cradle: IP65

- **DROP TOLERANCE**

Withstands multiple 8-foot / 2.4-metre drops to concrete

- **DECODE CAPABILITY**

1D, 2D, OCR, Photos, Documents and More

- **SCANNING TECHNOLOGY**

Array Imager
