Description

The SATO laser wristband comes in a handy A4 sheet format for quick and easy use in existing laser ink-jet printers. Convenient for nursing staff who need to use an existing printer, each pack contains 250 sheets, with each sheet containing 16 self-adhesive labels.

Robust enough to last up to one week and able to withstand hot water and soap, the labels are best suited to short-stay patients and outpatients. Our Laser Line wristband is also ideal for customers wishing to use their existing printers.

Key Features:

- Laser-ink jet printing method
- 250 sheets per pack
- 16 self-adhesive labels per sheet
- Adhesive closure with tamper evidence system
- Soft, synthetic material
- Latex-free, water and soap resistant
