Description

Features & Benefits

Durable, single-board construction

Meets stringent 5-ft drop tests.

Scratch-resistant tempered glass exit window

Is designed for continuous use.

Accurate first-time capture of 1D bar codes

Increased productivity, resulting in shorter check-out lines and better customer service.

Wide working range

Delivers optimal performance from contact to 17 in (43 cm).

Multiple on-board interfaces

Simplify installation and integration and ensures future compatibility.

Plug-and-play, with universal cable

Means rapid deployment, with a single cable connecting to any computing environment.

Intuitive design

Minimizes setup and training time.

Ergonomic, lightweight design

Reduces user fatigue with sleek, balanced form for maximum comfort and productivity.

Hands-free Intellistand

Enables presentation scanning and easy switching between hands-free and handheld modes.

Advanced Data Formatting (ADF)

Enables users to modify data prior to sending to host computer, reducing costly modifications to the host software.
