MC67

Give your field workforce all the tools they need to work faster and smarter with the rugged 3.75G HSPA MC67. With the MC67, your workers can do whatever it takes to get the job done. Access information in your backend system. Scan practically any bar code in almost any condition. Capture documents to simplify recordkeeping. Take and send video and photos for real-time repair support. Call a customer with an arrival window. All at 3.75G HSPA speed. So whether your workers are involved in sales, service, deliveries, inspections or issuing citations, they have the tools they need to improve efficiency, accuracy and customer service — all in one rugged device that loves life in the field.

Motorola

Description

High-speed cellular and Wi-Fi wireless connections
4G HSPA+ , 802.11a/b/g/n, Bluetooth 2.1 EDR and best-in-class GPS brings your workers the best voice, data and peripheral connections available.

Our most rugged compact mobile computer
Whatever your employees dish out, the MC67 can take it. Workers can drop the MC67 on concrete or in water, use it in the heat, cold, rain, snow and more, and still expect reliable operation.

A brilliant display for easy reading
The 3.5 in. resistive display is exceptionally bright for easy reading, even in bright sunlight, with the power efficiency required to maximize battery cycle times.

Advanced scanning technology
No matter what type of bar code your workers need to scan, the MC67 can capture it. Scan 1D and 2D bar codes at laser speed — even if the codes are dirty, damaged or poorly printed. With multiple scan engine options, you can tailor the MC67 to provide the best performance on the types of bar codes in use in your enterprise.

The power you need to support virtually any application
Workers enjoy best-in-class performance with plenty of room for multiple apps, photos, databases and more with the dual core 1 GHz processor and the most memory in this class.

Android fortified for the enterprise
Extensions (Mx) from Motorola Solutions transforms Android from a consumer operating system (OS) to a true enterprise-class OS with a series of additional features and options that improve security, device management and support for advanced enterprise data capture.

Capture rich photographic intelligence
A picture is worth a thousand words, so we included a high-resolution auto-focus 8 MP camera with external flash that allows workers to

document the condition of deliveries, assets and more in virtually all lighting conditions.

RhoMobile Suite supported
RhoMobile Suite applications will run on both MC67 Android and Windows Embedded Handheld devices.
