Description

Adaptability by design

Building on the unique adaptability of the proven Zebra Omnii™ platform, the Omnii XT15 Series raises the bar even higher to deliver the highest levels of ruggedness and functionality.

With the open source business model — giving you the flexibility and freedom to adapt your device with exactly what you need — and certified IP67 and IP65 rating, the Omnii XT15 Series delivers reliable performance and unparalleled adaptability for the most demanding of environments and applications.

- **Technology made tough**

The Omnii XT15 comes with the option of Windows® CE 6.0 or Windows® Embedded Handheld 6.5 operating systems, which integrate seamlessly to automate key processes and boost productivity in real-time.

- **RUGGED DESIGN FOR SUPERIOR RELIABILITY AND TCO**

With a dual IP65 and IP67 sealing rating, workers can spill water on the device or drop it in a puddle of water. Workers can even work in rain. And a 6.5 ft./2 m drop to concrete won't impact operation.

- **Optimised ERGONOMICS**

Ergonomics are crucial to ensuring mobile workers are efficient and effective on their jobs. The Omnii XT15 features a balanced construction that's perfectly weighted for comfort and practicality.

THE ULTIMATE HANDHELD FOR SUPPLY CHAIN LOGISTICS

The innovative Omnii XT15 mobile computer is unique by modular design, combining a single versatile computing platform with the freedom for any future change in use, delivering the flexibility you require to adapt as your business needs change.
