

## Quadrus® Verifier for Data Matrix

The Quadrus Verifier is a fully integrated Data Matrix Verifier ready for factory floor use. Using quality criteria in established standards, the Quadrus Verifier provides precise analysis, measurement and reports of symbol quality. The compact, lightweight Quadrus Verifier is designed specifically for use in a factory environment, and provides easy integration into manufacturing processes. The self-contained, factory-calibrated system offers flexible mounting and allows the Quadrus Verifier to be adapted to any application quickly and easily.
