RL3E

Datamax-O'Neil's RL3e (3-inch/76mm) portable label printer is designed to meet the most diverse mobile applications – from the recesses of the warehouse to the customer-facing retail floor…and everything in between. Retailers will enjoy the flexible secure wireless integration into 802.11 a/b/g/n as well as the reliable gears and latches that keep it running for years to come. The RL3e offers Bluetooth® 4.0 + LE Dual Radio communications and built-in emulation for the most popular printer languages which makes it easy to integrate into an enterprise ecosystem. The RL3e's long-lasting lithium battery can operate at peak performance for a full 8+ hour shift, while offering the durability to withstand the often rough-and-tumble environments mobile workers experience. The printer achieved the MIL-STD 810 drop standard -- 26 consecutive drops at 6 feet to concrete. And we include a 2-year warranty free of charge. The RL3e is rugged
