Description

Superior Scanning for Patient Safety

Barcode scanning at patient bedside is crucial in preventing deadly errors in medication administration and specimen collection. Now, you can put wireless enterprise-class barcode capture in the hands of every nurse and lab technician with the disinfectant-ready CS4070-HC.

Small enough to be carried at all times, it can be tucked in a pocket or worn on a lanyard. One press of the dedicated pairing button instantly connects the CS4070-HC to Bluetooth-enabled in-room computers, workstations-on-wheels (WOWs), tablets and more.

And with superior scanning technology, healthcare workers can instant capture virtually any barcode, in any condition — 1D or 2D, electronic or print.

- **Day and night ‘do-not-disturb’ modes**

Healthcare workers can choose to mix and match the decode feedback that is right for the moment: visual (green light/red light), haptic (vibration) and an audible tone.

- **Withstands constant disinfecting**

IP52 sealing and a specially designed disinfectant-ready plastic housing allow safe wipe-down with a wide variety of harsh chemicals to help prevent the spread of germs.

- **Full-shift power — period**

In the mission-critical world of healthcare, users count on full-shift operation. That's why the field replaceable battery can be easily

changed on-the-go and is designed to last an entire busy 12-hour shift, with an LED indicator that alerts the user when a battery change is needed.

Superior scanning technology for healthcare.

This flexible Bluetooth scanner is easily paired with in-room computers and workstations-on-wheels (WOWs) — or even tablets.

With its rugged disinfectant-ready design that prevents the spread of germs, full shift power, user-selectable scanning feedback and superior ergonomics, the CS4070-HC is the ideal individual scanning companion for your healthcare workers.
