Granit 1981i Wireless Industrial-Grade Full-Range Scanner

The Granit™ 1981i wireless industrial scanner features full-range area-imaging technology capable of reading both 1D and 2D barcodes from six inches (15 cm) to over 50 feet (15 meters). From poor quality 7.5 mil paper codes scanned at arm's length to 100 mil retro-reflective codes hanging from warehouse rafters, the 198Xi is built to read virtually all barcodes across its unmatched range, supporting maximum operator productivity in the harshest environments.

Honeywell

Description	**Full-Range Area-Imaging Performance:**	Scan virtually all 1D and 2D barcodes from 6 in (15 cm) to over 50 ft (15 m) away.
	Built Granit Tough:	Rated IP65 and can withstand 5,000 tumbles from 3.2 ft (1 m) and 50 drops to concrete from 6.5 ft (2 m)
	Efficient Wireless Performance:	Bluetooth™ wireless technology provides freedom of movement up to 100 meters (330 feet) from base and reduces interference with other wireless systems.
	Easy to Use:	A laser-spot aimer, omni-directional scanning, and center-decode capability take the guesswork out of scanning at extended ranges.
	Single Scanning Solution:	Can replace and consolidate multiple purpose-built scanners in typical distribution center and warehouse environments.
	Remote MasterMind™ Ready:	Reduces total cost of ownership by providing a turnkey remote device management solution to easily manage and track usage of installed devices.
