Description

Dolphin 7800 for Android Features and Benefits

Honeywell Enhanced Android™ Operating System: Provides enterprise users with superior remote management capabilities; valuable security features; a user-friendly interface; and a long lifecycle that matches that of the traditional Dolphin 7800 offering

Lightweight and Compact Design: Reduces user fatigue by offering all of the functionality needed in an easy-to-carry form factor

Superior 3.5" Outdoor-Viewable VGA Display: Allows mobile workers to seamlessly interact with data in virtually any lighting condition

Rugged and Reliable: Durable construction and sealing deliver reliable operation and maximize worker uptime

Fast and Reliable Wireless Connectivity: Delivers full wireless coverage for applications inside and outside of the four walls, allowing real-time access to critical data

Powerful Processor and Network Connections: Delivers fast business transactions, allowing workers to complete multiple tasks quickly

Remote MasterMind™ Ready: Reduces total cost of ownership by providing a turnkey remote device management solution that easily manages and tracks usage of installed devices

Service Made Simple™ Service Plans: Offers comprehensive, hassle-free protection on the device investment for up to three years after purchase, lowering the total cost of ownership
